Non Subscribers

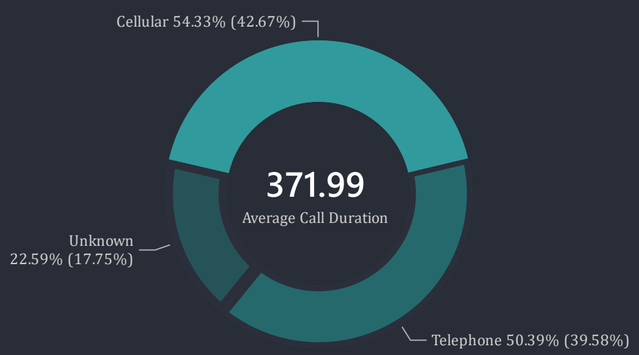

Conversion Rate by month

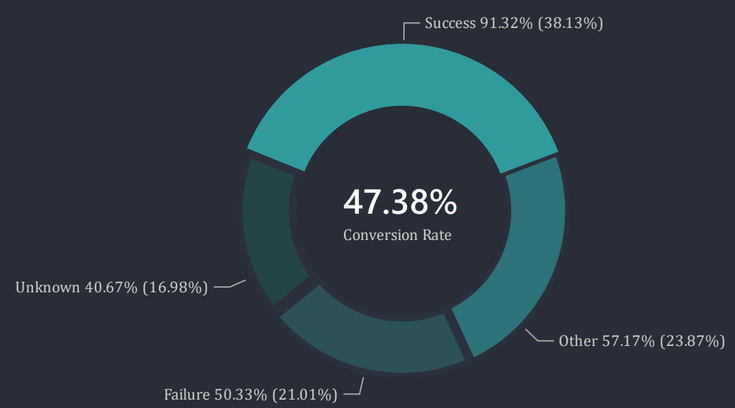

Customers account balance vs conversion rate

Conversion Rate by contact

Campaign outcome vs conversion rate

Which age groups convert best and are younger or older customers being under-targeted?

Age Group	1	2-3	4-6	7+
18-25	73.31%	69.08%	69.57%	62.50%
26-35	52.45%	47.84%	36.90%	31.12%
36-45	45.42%	40.35%	38.42%	24.48%
46-55	49.02%	40.90%	32.11%	18.98%
56-65	63.75%	49.87%	42.86%	20.75%
66+	80.77%	82.00%	69.70%	85.71%

Model interpretation confirms what the data shows directly: prior campaign success is the single strongest signal of who will subscribe

Conversion is highest at both ends of the age range, not in the middle
